International law, conventions, agreements and treaties are regarded as another limitation on the sovereignty of the State. Bluntschli puts it in these words: "There is no such thing as absolute independence— even the State as a whole is not all-mighty, for it is limited externally by the rights of other States and internally by its own nature and the rights of its individual members".

Limitation On Sovereignty - AwamiPolitics

permeable boundaries powerful states by external forces. Internally, sovereignty is eroded by internal conflicts and subnational movements and the strengthening of economic development crisis (shortage of resources, environmental degradation, and population growth). This undermines the legitimacy and international underlying national sovereignty.
