The Futurological Congress From Memoirs

The Futurological Congress follows one of the adventures of character Ijon Tichy as he is caught up in a chemical attack. The book provides satire on both the social move towards a "chemically corrected society" where we use different drugs to fix any kind of problem we encounter, and a more subtle commentary on Lem's perception of the idiocty and deceit of government.

The Futurological Congress (From the Memoirs of Ijon Tichy ...

The Futurological Congress is a 1971 black humour science fiction novel by Polish author Stanislaw Lem. It details the exploits of the hero of a number of his books, Ijon Tichy, as he visits the Eighth World Futurological Congress at a Hilton Hotel in Costa Rica. The book is Lem's take on the common science fictional trope of an apparently Utopian future that turns out to be an illusion.

"World-renowned cosmonaut Ijon Tichy, persuaded to attend the Eighth World Futurological Congress, is severely injured when the Congress is routed by Costa Rican revolutionaries, is refrigerated in liquid nitrogen, and awakens in the year 2039."--Publisher's description. Read More

The Futurological Congress: From the Memoirs of Ijon Tichy ...

Futurology analyzes the successes and failures of present technologies in order to predict new scientific innovations that may arise at any point in the future. In Stanislaw Lem's novel The Futurological Congress: From the Memoirs of Ijon Tichy, a large group of hilariously incompetent individuals who call themselves futurologists are gathered to solve the sociopolitical issues that have plagued mankind for as long as it has existed.

Stanislaw Lem's Futurological Congress | Shadows of Light

The Futurological Congress is one of the best by master storyteller Stanislaw Lem. A tale of social politics and absurdist humor, this is a worthy read.
